1. Update on MPS Historic Survey Project from Sally Schwenk Associates.

Kerry Davis updated the Board about the status of the Multiple Property Submission (MPS) Cover Documents and related surveys for Late 19th Century Vernacular Stone Houses and Late 19th/Early 20th Century Residential Resources.

The Board discussed which areas designated as potential historic districts by Sally Schwenk Associates should be pursued first for such designation. The Board discussed which areas would have the greatest property owner support and which would likely benefit most from being a historic district.

The Board requested additional information on the map of survey results before making any decisions. It was decided to resume discussion at the next meeting.

2. Discussion of Board's participation in upcoming Historic Summit, which is scheduled for February 8, 2007 at 7:00 pm at the Union Pacific Depot.

Lynn-Sherow explained the format of the upcoming Historic Summit.
