

# The 2023 Allocation of a Property Tax Dollar

The mill levy rate for the City of Manhattan is 52.154 and is distributed as follows:

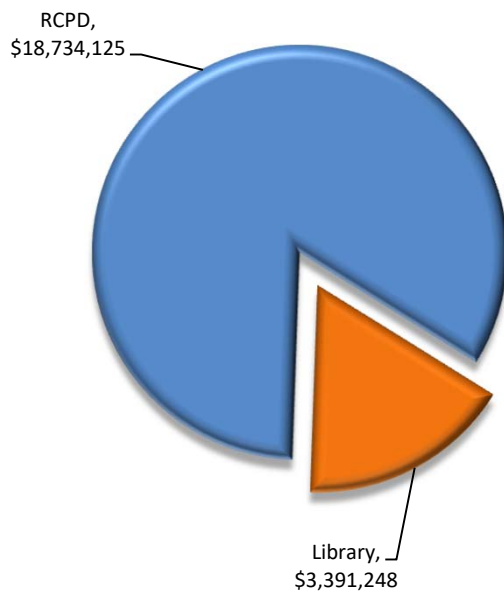

Based on the 2023 City Budget adopted by the City Commission, the City of Manhattan is responsible for only **33¢** of every \$1.00 paid in local property taxes by homeowners and businesses. Of this amount, about 11¢ are for day-to-day city operations under the direction of the City Manager.

~ The following graphics show where city property taxes are directed ~

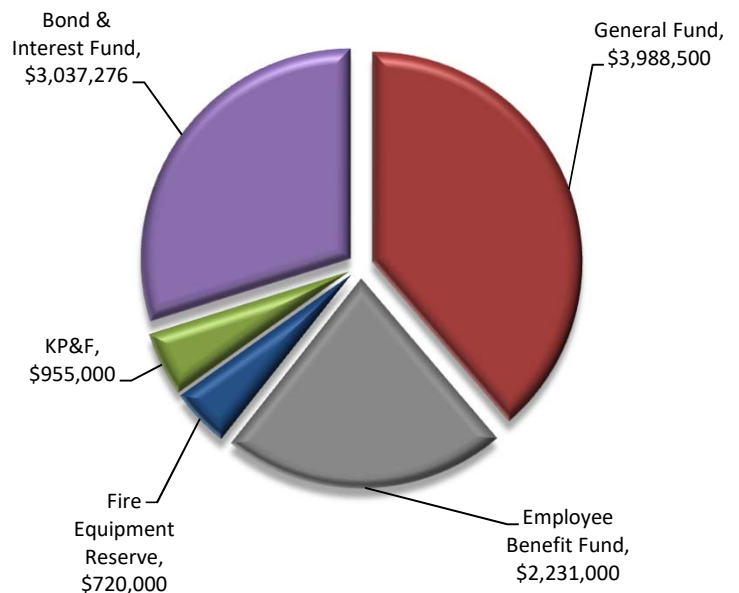

## Property Taxes for 'Outside' City Services

About 22¢ of each property tax dollar

## Property Taxes for City Services

About 11¢ of each property tax dollar

A total of **\$33,057,149** will be levied in property taxes for the 2023 City Budget. Of this amount, **\$10,931,776** will be used to fund city operations, including debt service. **\$22,125,373** will be paid to other city services that are not under the direct control of the City Manager.
